CHRISTMAS CHIMES!

How they add to the Christmas spirit! "Silent Night, Holy Night"—"Adeste Fideles" —pealing out on crisp air that is richly laden with the memories of other Christmas seasons —of that One memorable Christmas-tide centuries ago. Each Christmas sees an ever increasing number of churches enjoying the benefits that come through the installation of Golden Voiced Tower Chimes.

A CHURCH AND COMMUNITY NEED

Not only at Christmas time but at every other season of the year these Modern Tower Chimes confer incalculable benefits through reaching the strays and non-attendants—those whom the Church most of all wants to reach but who shun every ordinary invitation. When Chimes are installed there is invariably a noticeable spiritual awakening in the community—new faces are seen in the congregation; regular communicants display added zeal.

THE LAMPOF THE WORLD.

Ps.119:105 Thy Word is a lamp unto my feet and a Light to my path.

Bible Sunday

INTRO. Many kinds of lamps but all serve the same purpose of giving light. Especially appropriate to liken the Bible to a lamp. Thy word isna lamp. It is a lamp that is used for many purposes, always light-giving and ever ready to help in the many different places and circumstances of need.

I. The Light of Salvation. The refining Torch.
"Come ye, and let us walk in the light of the Lord."
"The power of God thru faith unto salvation, tried as by fire."
In Him was life and the life and the life was the light of men. Christ, the great Light of our Salvation.

II. The drunken barber of Japan- three gospels washed up on the shore. Took them to his shop. saved and baptized.

II. The Bible a Signal Lamp.
The White signal of safety. Clear track, keep going. When we are going the right way the Bible tells us so and encourages to keep going ahead.

The Green Light of Caution.
In our rush to get rich; in our choice of companions and friends, in our seeking amusements, in all that we do we need to be cautioned against possible mistakes and side-stepping from the rig right. Like the light-houses on the coasts.

The Red Light of Danger.
It calls us to stop, danger ahead. The same lov love that wins us to the good, warns us against evil.
Turn ye, turn ye, for why will ye die?

III. The Bible is an Invalid's Lamp.
When one is ill and must lie awake at nite, he does not wish to be left in the dark, nor can he stan the brightness of an ordinaty lamp. He needs the dim, soothing light of an invalid's lamp
The Lord is my shepherd, I shall not want.
He forgiveth all thine iniquities and healeth all thy diseases.

Let not your heart be troubled.
Neither shall there be any more pain.

IV. The Bible a Worker's Lamp, like the miner's torch.
We need the Light of God's Word thrown on all our work. God's Light takes the drudgery out of duty.

V. The Bible an Acetylene Torch that welds us in onement to God.
It unites man to God
It unifies personality
It makes xn fellowship possible. Brotherhood.

CONCLUSION.
Traveling man's visit to Loch Lomond in Scotland.
"It was wonderful: I have'nt a thing to suggest that I would like to see changed."
The Bible in the light of the Transfigured Christ

The Word became flesh and dwelt among us.
The real Word of God not on printed page but in the heart and lives of His children.
We are His living Gospels.
Let your light so shine among men.
